Origin of the Equestrian Sport

The equestrian sport, as we know it today, particularly the Olympic disciplines of Jumping, Dressage and Eventing, evolved during the latter half of the 19th Century. On 15 April 1868, the Royal Dublin Society included two jumping competitions for the first time in the programme of its annual horse show: the 'High Leap' and the 'Wide Leap', both derived from the Irish passion for fox hunting. In 1873, in the Austrian Empire, a Dressage competition was held and in 1902 the French Army organised a competition for the complete army horse, the beginning of eventing.

The growth of modern equestrian sport was quite fast, but initially only relatively few competitions were held internationally. The competitors knew each other, they probably knew the Judges and they were quite prepared to accept any local variations to the fairly simple rules which existed at the time.

Equestrian Today

In 1900, to commemorate the Olympic Games, the Société Hippique Française extended its annual National Horse Show in Paris in April by 3 days, to which foreign riders were invited. Two years later, a big International Horse Show was held in Turin, Italy. After the 1920 Olympic Games, when the rules in many sports were unsatisfactory, the IOC's President, Baron de Coubertin, invited representatives of several sports to Lausanne to discuss the rules and the formation of representative international federations. Consequently, in May 1921, delegates from 10 equestrian countries met in Lausanne and 4 of them USA, France, Japan and Sweden decided on the constitution of an International Equestrian Federation.

Equestrian at the Olympic Games

The idea of including equestrian sport was already raised when the first Olympic Games were being planned for 1896 in Athens, but, due to organisational problems and the lack of Greek interest in equestrian sport, nothing became of it. The first serious attempt to include riding as an Olympic discipline was made by a group of Swedish officers led by Count Clarence von Rosen. The Count appealed to Baron de Coubertin ten years later and, as a result, he was asked by the Baron to draft an Olympic equestrian program. This was presented to the Olympic Congress at The Hague in 1907 and accepted for the 1908 Games to be held in London. However, when the Organising Committee received the entries from 88 riders from eight nations, it backed down. Fortunately, the next Games of 1912 were awarded to Stockholm and there was no difficulty about accepting the program proposed by Count von Rosen in 1907. The Three-Day Event was limited to entries made by military officers, but the Jumping and Dressage competitions were open to civilians. 62 competitors from 10 nations with 70 horses took part in the competitions, but they were all officers.

Equestrian in Australia

Horses were first transported to Australia for work and transport and, as happens wherever horses congregate, people soon worked out a way to have fun with them. Racing was established very early in the colony with horses being imported for the purpose soon after settlement. The Equestrian Federation of Australia (EFA) was formed in 1950 by a small group of horsemen including Sam Hordern, Sir Alec Cresswell, Tom Luxton and R.M. Williams. The EFA is a national organisation comprised of state branches, which is responsible for the promotion, organisation and regulation of equestrian sport. Australia first competed in the Olympic Games in 1956, when the Games were held in Melbourne. However, because of the strict quarantine restrictions, the equestrian events were held in Stockholm. In 1960, at the Rome Olympic Games, the individual Three-Day Event gold medal was won by Australian Laurie Morgan and an individual silver medal went to Neale Lavis. The Australians won team and individual Three-Day Event gold medals in the Barcelona Olympics. They retained their team gold medals at the Atlanta Olympic Games.

Origines des sports équestres

Les sports équestres, sous leur forme actuelle, ont évolué durant la deuxième moitié du XIX^e siècle, en particulier les disciplines de saut, de dressage et de concours complet. Le 15 avril 1868, la Royal Dublin Society inclut pour la première fois deux compétitions de saut au programme de son salon hippique annuel : le « saut en hauteur » et le « saut en longueur », tous deux résultant de la passion des Irlandais pour la chasse au renard. En 1873, dans l'empire autrichien, se déroula une compétition de dressage, et l'année 1902 vit les prémices du concours complet, lorsque l'armée française organisa une compétition complète d'équitation au sein des troupes. Malgré l'évolution rapide des sports équestres modernes, le nombre de compétitions internationales restait relativement réduit. Les concurrents se connaissaient entre eux, ils connaissaient probablement aussi les juges, et s'adaptaient aisément aux variations locales du règlement, assez simple, de l'époque.

Les sports équestres de nos jours

En 1900, en guise de commémoration des Jeux Olympiques, la Société Hippique Française prolongea de trois jours son salon hippique annuel d'avril, auquel furent conviés des cavaliers étrangers. Deux années plus tard, un grand salon hippique fut organisé à Turin, en Italie. Après les Jeux Olympiques de 1920, qui démontrèrent l'insuffisance des règlements dans le cas de nombreux sports, le président du CIO, le baron Pierre de Coubertin, invita à Lausanne plusieurs représentants de différents sports pour discuter des règlements et de la mise en place de Fédérations Internationales. En conséquence, en mai 1921, les délégués de 10 pays se retrouvèrent à Lausanne et 4 d'entre eux, les Etats-Unis, la France, le Japon et la Suisse, décidèrent de créer une Fédération Equestre Internationale.

Les sports équestres aux Jeux Olympiques

A l'époque de la préparation des premiers Jeux Olympiques à Athènes, en 1896, il était déjà question d'y faire figurer les sports équestres ; toutefois, à cause de problèmes d'organisation et du manque d'intérêt de la Grèce pour le projet, celui-ci n'aboutit pas. Nous devons à un groupe d'officiers suédois, dirigés par le comte Clarence von Rosen, la première tentative sérieuse d'inclure l'équitation au programme olympique. Dix ans plus tard, le comte fit appel au baron de Coubertin, qui lui demanda de travailler à l'ébauche d'un programme équestre olympique. Ce projet, approuvé par le Congrès olympique de La Haye de 1907, devait être appliqué dès les Jeux de 1908, prévus à Londres. Pourtant, le comité d'organisation se rétracta, lorsqu'il reçut les inscriptions de 88 cavaliers originaires de 8 pays différents. Fort heureusement, les Jeux suivants furent attribués à Stockholm, qui ne fit aucune difficulté pour accepter le programme proposé en 1907 par le comte von Rosen. La participation au concours complet était réservée aux seuls officiers, alors que les compétitions de saut et de dressage étaient ouvertes aux civils. Soixante-dix chevaux et 62 concurrents originaires de 10 pays différents prirent part aux compétitions - tous des officiers.

Les sports équestres en Australie

A l'origine, les chevaux furent amenés en Australie pour servir de chevaux de trait, et, comme il arrive fréquemment, on eut tôt fait d'en tirer partie à des fins récréatives. Les courses hippiques ne tardèrent pas à faire leur apparition, les chevaux étant importés dans ce but, peu après l'établissement dans la colonie. En 1950, la Fédération Australienne d'Équitation (FEA) fut constituée par un petit groupe d'éleveurs de chevaux, dont Sam Horden, Sir Alec Cresswell, Tom Luxton et R.M. Williams. La FEA, qui comporte une représentation dans chaque Etat, est l'organisme national chargé de la promotion, de l'organisation et de la réglementation de ce sport. La première participation olympique l'Australie remonte à 1956, à l'occasion des Jeux de Melbourne. Toutefois, quarantaine oblige, les sports équestres se déroulèrent à Stockholm. En 1960, lors des Jeux Olympiques de Rome, la médaille d'or de concours complet fut remportée par l'Australien Laurie Morgan, tandis que Neale Lavis décrocha l'argent. A Barcelone, les Australiens furent également les vainqueurs des épreuves individuelles et par équipes de concours complet. Ils conservèrent leur médaille d'or par équipes à Atlanta.

**Competition Description**

Description des compétitions

© Equestrian Centre, Horsley Park

The Olympic equestrian competition will take place from Saturday 16 September (Day 1) until Sunday 1 October (Day 16) and will consist of the disciplines of three day event, dressage and jumping.

All events in the Olympic equestrian competition will be held at the Sydney International Equestrian Centre.

The maximum number of athletes who may compete in the Olympic equestrian competition is 225.

For each of the three disciplines, one reserve horse will be allowed for each team of three or four riders, that is, a total of 15 reserve horses for three day event, 10 for dressage and 16 for jumping. (All costs relating to travel and stabling for the reserve horses are at the expense of each NOC.)

Discipline	Riders	Horses	Reserve horses	Total No. horses	Maximum No. of riders/horses per NOC
Three day event	96	96	15	111	7 riders and 8 horses
Dressage	50	50	10	60	4 riders and 5 horses
Jumping	79	79	16	95	4 riders and 5 horses
Total	225	225	41	266	15 riders and 18 horses

Competition Format

The medal events for the Olympic Games equestrian competition are as follows:

Three day event Team
 Three day event Individual
 Dressage Team event
 Dressage Individual event
 Jumping Team event
 Jumping Individual event

Three Day Event

There are separate competitions for the team and individual classifications.

On the first day of the competition, competitors ride a compulsory dressage test. The score of this test is converted into penalty points to which jumping or time penalties of the following two days of competition are added.

The cross-country day consists of four phases, including two phases of roads and tracks (14.3km total), steeplechase (3.1km of racing grass surface) and a cross country obstacle course (7.4km). The cross country obstacle course will have about 30 obstacle complexes requiring about 45 jumping efforts, which must be completed within a prescribed length of time.

The show jumping test is the final section of the three day event.

The team with the lowest number of penalties in the three tests for its best three riders wins the team classification. The winner of the individual competition is the horse/rider combination with the lowest number of penalties.

Dressage

Each horse and rider in the team competition will perform the International Equestrian Federation (FEI) Grand Prix test, which contains a series of compulsory movements. All dressage horses and riders must participate in the FEI Grand Prix test as it is the first phase of qualification for the individual final. Judges award marks out of 10 for each movement and for collective assessment. The best three scores of each team of four count towards the team classification.

The best 25 individuals in the team competition qualify to compete in the Grand Prix Special, a slightly shorter and more concentrated version of the Grand Prix test. The combined percentage scores of the Grand Prix and the Special in turn qualify the best 15 combinations for the Grand Prix Kür Freestyle composition of Grand Prix movements performed with the rider's own choreography to musical accompaniment.

Individual medals will be based on the combined score of the three rides, equally weighted: Grand Prix, Grand Prix Special and Grand Prix Kür

Jumping

The first competition is a qualifier for the individual final competition. The following team competition also serves as the second and third qualifying rounds for the individual competition.

In the team competition, the team with the lowest total number of penalties with its best three riders in each round of the team competition wins the Team gold medal.

The top 45 individual riders from the three qualifying competitions compete in Round A of the individual final. Of these, the top 20 will advance to Round B of the individual final. Individual medals will be awarded based on the combined score of Rounds A and B of the final. If there is a tie for the medal placing, it will be broken by a jump-off round.

Rules of Equestrian

The equestrian competition at the Sydney 2000 Olympic Games will be held in accordance with the Olympic Charter and the *Regulations for the Equestrian events at the Olympic Games of the FEI* which are in force at the time of the 2000 Games.

Pursuant to the Olympic Charter, the FEI assumes the responsibility for the technical control and direction of equestrian at the Olympic Games.

In case of disagreement on the interpretation of the rules of the FEI, the English version shall prevail.

Les compétitions olympiques de sports équestres se dérouleront du samedi 16 septembre 2000 (jour 1) au dimanche 1^{er} octobre 2000 (jour 16). Trois disciplines seront représentées : concours complet, dressage et saut d'obstacles.

Les épreuves auront lieu au Centre équestre international de Sydney.
Le nombre maximal de cavaliers sera limité à 225.

Pour chacune des trois disciplines, chaque équipe de 3 ou 4 cavaliers pourra avoir un cheval remplaçant, soit un total de 15 chevaux remplaçants pour le concours complet, 10 pour le dressage et 16 pour le saut d'obstacles. Tous les frais relatifs au transport et à la pension des chevaux remplaçants sont à la charge des CNO.

Disciplines	Cavaliers	Chevaux	Chevaux remplaçants	Nombre total de chevaux	Nombre maximal de cavaliers/chevaux par CNO
Concours complet	96	96	15	111	7 cav. et 8 chevaux
Dressage	50	50	10	60	4 cav. et 5 chevaux
Saut d'obstacles	79	79	16	95	4 cav. et 5 chevaux
Total	225	225	41	266	15 cav. et 18 chevaux

FORMAT DES COMPETITIONS

Les épreuves équestres des Jeux Olympiques sont les suivantes :

- concours complet par équipes ;
- concours complet individuel ;
- dressage par équipes ;
- dressage individuel ;
- saut d'obstacles par équipes ;
- saut d'obstacles individuel.

Concours complet

Les classements individuel et par équipes seront établis à l'issue de deux épreuves séparées.

Le concours complet débutera par une reprise de dressage aux figures imposées. Le score obtenu lors de cette première phase sera converti en points de pénalité. Les points de pénalité reçus lors des trois tests seront additionnés à la fin de l'épreuve.

Le test de fond consistera en quatre parties : deux sections de 14,3 km au total sur routes et sentiers, un steeple-chase sur herbe de 3,1 km et un cross de 7,4 km. Le parcours de cross comprendra une trentaine d'obstacles (environ 45 sauts) et devra être effectué en temps limité.

Le concours complet se terminera par un test de saut d'obstacles. L'équipe dont les trois meilleurs cavaliers auront totalisé le moins de points de pénalité au cours de ces trois tests sera déclarée vainqueur. Le couple cheval-cavalier le moins pénalisé remportera l'épreuve individuelle.

Dressage

L'épreuve par équipes sera le Grand Prix de la FEI, un enchaînement de figures imposées. Tous les chevaux et cavaliers y participeront car le Grand Prix constituera également la première phase de qualification pour la finale individuelle. Les juges attribueront une note sur dix pour chaque figure et des notes d'ensemble, également sur dix, en fin de reprise. Le classement par équipes sera établi en additionnant le score des trois meilleurs cavaliers de chaque équipe (une équipe étant constituée de quatre cavaliers).

Les 25 cavaliers les mieux classés à l'issue du Grand Prix se qualifieront pour la seconde phase de l'épreuve individuelle, le Grand Prix spécial, version condensée du Grand Prix. Les scores obtenus dans le Grand Prix et le Grand Prix spécial seront exprimés en pourcentages et additionnés. Les 15 couples cheval-cavalier les mieux placés dans ce classement se qualifieront pour la finale : le Grand Prix Kür, reprise libre, en musique et combinant des figures du Grand Prix.

Le classement individuel, qui déterminera l'attribution des médailles, sera établi d'après les scores pondérés obtenus à l'issue de ces trois tests : Grand Prix, Grand Prix spécial et Grand Prix Kür.

Saut d'obstacle

L'épreuve individuelle comprendra quatre phases : trois phases de qualification pour la finale et la finale. La première phase aura lieu avant l'épreuve par équipes, qui fera également office de deuxième et troisième phases de qualification pour la finale individuelle. La médaille d'or par équipes sera décernée à l'équipe dont les trois meilleurs cavaliers auront accumulé le moins de points de pénalité lors des deux manches de l'épreuve.

Après les phases de qualification, les 45 cavaliers les mieux classés disputeront la manche A de la finale individuelle, puis les 20 meilleurs d'entre eux seront retenus pour la manche B. Le classement général sera établi d'après le nombre de points de pénalité totalisés dans les deux manches. En cas d'égalité pour la première, deuxième ou troisième place, les concurrents seront départagés lors d'une épreuve avec barrage

REGLEMENT DES COMPETITIONS

Les compétitions équestres se dérouleront conformément au règlement des épreuves équestres aux Jeux Olympiques de la Fédération Equestre Internationale (FEI) et à la Charte olympique en vigueur au moment des Jeux Olympiques de Sydney 2000. En vertu de la Charte olympique, la FEI assume la responsabilité du contrôle et de la direction techniques des épreuves équestres lors des Jeux Olympiques de Sydney 2000. En cas de désaccord sur l'interprétation du règlement de la FEI, la version anglaise fait foi.
