→ the transport department will be contacted

TEAM CAPTAINS MEETING MINUTES

CESANA PARIOL 17 FEB 2006 12.00 pm 13.00 pm

Race Director Georg Werth welcomes all present TCs for the 2nd TCM and draw for the 2-men bob. Despite the bad weather conditions he thinks the training went very well.

Information:

- **Transport of the sleds**

Will be done by the trucks of the organization, only. From the container to the start.
After the race the bobs will be brought back to the container.
Start of the transport 2 h before the race starts
There will be 5 organization trucks.

We ask for fast load and unload of the sleds.

- **Track walk:**

The track walk schedule has been distributed before.
We ask you to step into the track only with clean shoes – it's in your own interest.

- **Track preparation:**

The whole track will be spritzed after the track walk is finished. Between the heats the track will be wiped and spritzed.

- **Doping controle:**

It's necessary that your athletes have their accreditation with them for the doping control

Questions:

AUT:

What happens in case of snow?

- The track will be wiped after each sled on the straight aways, the start spur will be wiped to curve 1.

Jury President, Manfred Schulte:

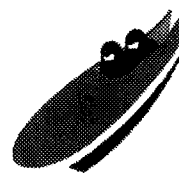

Welcomes all present persons. The training has been finished. There has been one accidents – but the crew is ok.

Technical commission , Bob Cueno:

Wants to inform again that there is the possibility to exchange broken bar codes on Saturday between 8:00 and 9:00 a.m. . It will be done at the finish area.

Procedure of the race:

Before the 1st and 3rd run as well as between the heats the runners will be cleaned. It will be done right before you transport it outside the tent.

Sled control after the race:

3 containers are available for the FIBT sled control. After the last heat the sleds will be controlled. Please be prepared that the material commission may take apart the steering as well as other parts. The teams are responsible to bring their own tools.

FRA:

Why haven't the sleds been inspected before?

- due to the tight schedule it was not possible to control all 2-men sleds. Everybody had the chance to have a control on a free base

He adds that he did not receive any invitation since 1,5 years for material commission meetings any more.

SUI:

If a sled built by a person belonging to the material commission is inspected does this member go out of the control room while inspected?

- it has been the procedure for the whole season and will be done for the Olympics

Jury President, Manfred Schulte:

The race procedure has been handed out. There are no further questions. The grouping has been distributed – there will be a change. We will have four groups instead of three. All teams which did not gain any World Cup point will go to the 4th group.

Questions:

CAN:

What possibilities do have the helpers at the start?

- **Race Director, Georg Werth:** we have enough volunteers at the finish and they will assist your teams on request

CAN:

That means the teams have to take out their sleds on their own?

- **Race Director, Georg Werth:** yes. It's not allowed to put the runner guards on right on the track. You will have to take out the sled first and then put the runner guards on at the finish dock.

Draw has been done after reading names.

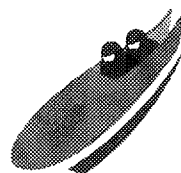

Race Director Georg Werth:

After the TCM the teams will be called to pick up their numbers. It has to be placed at the lower part of the front cowling underneath the national flag. You will also get numbers for the runner guards.

We wish everybody safe and exciting races.

Race director:
Georg Werth

- **Shuttle Service for athletes and coaches**

- There will be an internal shuttle service for all athletes and coaches within the venue
- All team cars can use only the direct street to the container (compound) and have to park there. It's not possible to go to the start without driving permission.
- Please drive slowly and carefully along the track in order to avoid unnecessary accidents or dust.

- **Track Walk**

- The track walk schedule has been attached
- It is strictly forbidden to track walk at any other time
- Also during training track walk is strictly forbidden
- In case of snow track walk is not allowed.
- Please enter the track only with clean shoes. It's in the interest of us all to keep the ice clean. The entrance of the track is only allowed from the bob start or from the finish dock. On Friday, 17th of February, the track walk is only allowed from the bob start, after the end of the skeleton men competition. The track clearance will be announced through the speaker.
- Attention: the track is video camera secured!

- **General Information**

- 10 min break between training heats
- before each training heat there will be 2/3 spur bobs
- The runner guards have to be loaded on to the truck right after arriving at the start
- Please take the bob out of the track right after you have reached the finish.
- The weighing at the finish will be opened and will be available every day for the teams to control their weight

- **Warm Up Area**

- On the street underneath the start area (see signs): the surface will be rubber
- There is a small weight lifting room at the dressing room area; it can be used by the athletes only during training. You are requested to put back the weights after using. To use the weight lifting room is under your own risk.
- The sunshields will be opened according to weather conditions and sun. The track chief, icemeister and race director can decide in a short distance if any changes are necessary. The track will be open for the evening training.
- Enclosed you will find a map of the track as well as the split times and distances.
- On the start the bobs have to be parked according to start list.
- After an accident every athlete has to see the race doctor for a control.
- The start lists, results and additional information can be picked up at the race offices.
- Please take notice of rule 53 of the IOC regarding Manufacturer Trademark and Branding.

Jury President, Terry Gudzowsky:

Welcomes all TCs and athletes on behalf of the Jury to this Olympic Winter Games. He thanks Ivo, Georg, Race Office and the whole team for the great job and good preparation they have done so far.

He also wants to welcome the jury of the men's bobsleigh: Jury president Manfred Schulte, the members Jos Mattli and Tony Carlino who will also be present during the women's training.

He wants to point out some important things :

Track walk:

Any violation of the track walk instructions will be fined with 200,-- € for the 1st violation. Any additional violation will have a much more severe consequence.

Cleaning of shoes

At the start the athletes have to make sure to clean their shoes thoroughly before entering the ice area; it's guilty also for officials and coaches you.

Trademark and Manufacturing Guideline:

All teams should have been informed by their national federations – please respect these rules.

There will be representatives of the IOC present and will control the rules. The representatives have the right to withdraw an athlete from training or competition by violating this rule.

He gives a short overview, especially regarding the race suits and the helmet – he refers to the distributed illustrations.

In case of any misunderstanding please contact your national federation or your team leader.

Material commission, Bob Cuneo:

The teams are offered a free control of the sleds. He refers to the handed out information sheet.

The draw has been done for all training days

Race Director:

Sled transport:

In case a team has not yet transported their sleds they can do this on Friday until 3:00 p.m. Afterwards it's not possible anymore to go up with your own cars because the race of the skeleton men starts. Another possibility is between 6:30 and 6:45 p.m. in between the break of the runs.

Entries for the race:

If possible please hand them in one day before training – it would make the work of OMEGA easier.

Training startnumbers:

The nations will be called after the TCM to pick up their training start numbers.

Questions:

GER:

How many spursleds will be at the start?

- We will give more information at the draw for the women.

CAN:

Is it allowed to have helpers at the finish during training?

- In the track itself it is not allowed. The teams have to get out their sled on their own. There will be enough volunteers to assist you at the finish if you want this. These should be enough.

CAN:

Is this also guilty for the race?

- More information at the TCM for the draw.

USA:

Is there any change between curve 3 and curve 4 foressen?

- **Hansjoeg Trachsel:** has watched the track yesterday and today. There is no danger – but he will control it again tomorrow. If necessary we will make a change by working on the ice thickness.

USA:

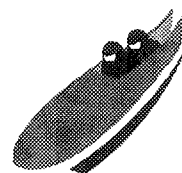

We have been discussing these already in December. It's dangerous. The width is 2.10 m instead of 1.40 m; there is the possibility that the bob can block itself. It would be better to change something before the training instead of afterwards.

Race Director Georg Werth: the track has been homologated. As long as there are no changes requested we will not change anything. There have been no objections to the homologation.

Race Director

Cesana, 16.02.2006

Georg Werth

Dr.David McDonaugh, President of the FIBT Medical Committee:

Asks Ivo Ferriani to give more information about the doping procedure from the organizing part.

Ivo Ferriani:

Those athletes who have been drawn will get special accreditation cards at the finish. They are necessary to recognize these athletes and give the information that this athlete has to perform doping control. Nevertheless it is possible that an athlete does not have to do the doping control at the end but he has to keep the card in any case.

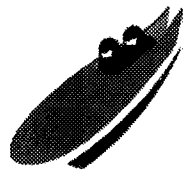

Jury President, Manfred Schulte:

Welcomes all Team Captains for today's meeting. He thanks Ivo and Georg and their teams for their great work which secured a 2-men race although the weather conditions have been very bad.

The nations have been called and had announced their teams. There will be 19 nations and 26 teams for the 4-men training.

The draw for all training days has been done.

There have been no questions regarding the draw.

General:

AUT:

During the 2-men bob race the austrian brakeman has been injured.

- The medical service has not been well organized.
- The athletes has been on the snow for 10 min., with the race suit only
- The street to Sestriere has been closed and the competences have not been clear; it seems that nobody felt responsible for him
- It took 1 ½ hours until the athlete has been transported to the hospital in Rivoli
- The athletes has got injections without respecting the anti-doping procedure.
- The team doctor was not allowed to see the athlete.
- The race suit has been cut off and our athlete had only underwear left
- This way he has been transported to the hospital.
- Under these circumstances the athlete was supposed to go back with a taxi to the OV at 3:00 a.m. . After interfering the ambulance brought him back to the Polyclinic in Sestriere.
- From the Polyclinic in Sestriere our athlete had to walk to the OV.

Ivo Ferriani:

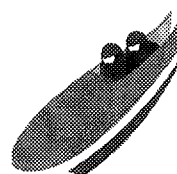

Excuses for all troubles on behalf of the organization. He will inform himself about all circumstances and will give further information afterwards.

Dr.David McDonagh

TEAM CAPTAINS MEETING MINUTES

CESANA PARIOL 23 FEB 2006 20.00 pm 21.00 pm

Ivo Ferriani welcomes all TCs for the 4-men draw at the XX. Olympic Winter Games 2006. He hopes that the training went well for everybody and he thanks all teams for their discipline and cooperation which made good training possible despite the bad weather conditions. He also thanks the FIBT, the Race Director and volunteers for their great work.

Unfortunately the weather forecast for the next days is not good – therefore he ask again for the cooperation and discipline on competition days, especially while driving your own cars at the track.

Race Director Georg Werth:

welcomes all present TCs for the 2nd TCM and draw for the 4-men bob. He supports the words of Ivo Ferriani.

Only two more days are remaining until the XX. Olympic Winter Games are finished. Therefore he would like to thank the FIBT, the technical delegates, the material commission, his team members, the track workers as well as the volunteers for the good cooperation and help. He does not want to announce any specific person in order to avoid missing a name.

- **Track preparation:**

The whole track will be spritzed after the track walk is finished. In case of snow the track will be wiped after each sled.

Jury President, Manfred Schulte:

Welcomes all present persons. He wants to thank the organization for their great work during the pats days.

The race procedure and schedule as well as the groupings have been distributed.

AUT:

Is it correct that there will only be 2 persons allowed at the start

→ that's correct

CAN:

How many spursleds will there be, and what kind – 4-men, 2-men or skeletons?

→ there will be three 4-men bobs and one 2-men bob as it has been during training

ROM:

Wants to know why there are 4 groups – according to the FIBT rules the 3rd group should go to the 2nd group.

→ after a short discussion the jury accepts the information and changes the grouping:

3 groups: Group 1 10 sleds, Group 2 13 sleds, Group 3 3 sleds

The teams have been announced by name and the TCs confirm the composition of each team.

The draw has been done.

Material commission , Bob Cuneo:

Wants to inform again the last possibility to exchange broken bar codes will be on Friday between 10:30 and 11:30 a.m. . It will be done at the finish area.

Ivo Ferriani:

Gives important information regarding the awards ceremony.

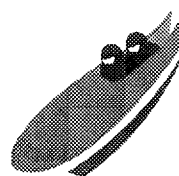

- the awards ceremony for the 4-men will be done at the track appr. 20 minutes after the race is finished.
- Please make sure that your athletes wear the proper clothing – please respect rule 53 of the IOC.
- Please note that your athlete will not be able to leave the mixed zone so you will have to bring the clothing to the finish.
- Please make sure your athletes don't climb over the fences to the tribune.

We wish everybody safe and exciting races.

Race director:

Cesana, 23rd of February 2006
