NOTES

Total time is the sum of times from Race 1 and Race 2. This is calculated to the thousandth of a second and then truncated to the hundredth of a second. For this purpose, the time from each race is displayed in this output to the thousandth of a second. If two or more skaters obtain the same total time to the hundredth of a second, the ties will be broken and the total times for the skaters concerned will then be present to the thousandth of a second

NOTES

Total time is the sum of times from Race 1 and Race 2. This is calculated to the thousandth of a second and then truncated to the hundredth of a second. For this purpose, the time from each race is displayed in this output to the thousandth of a second. If two or more skaters obtain the same total time to the hundredth of a second, the ties will be broken and the total times for the skaters concerned will then be present to the thousandth of a second
